THE 7 FINGERS

DUEL REALITY

ABOUT

The 7 Fingers is an arts collective unlike any other. In 2002, the 7 founders set out to redefine circus by stripping down the spectacle to its thrilling essence.

The contemporary company tells stories using death-defying acrobatics with a life-affirming theatricality that is unique to The 7 Fingers. Since its inception, the company has expanded from its own signature touring shows to creating theatrical experiences as diverse as the very artistic directors themselves: original productions varying from intimate one-man shows to large-scale arena performances, Broadway musicals, artistic collaborations with renowned international artists and companies, production design and direction, special events, Olympic ceremonies, televised performances, fashion, art and music events, immersive experiences and much more.

Every one of these projects carries The 7 Fingers' unequivocal mark. The company has consistently spread its horizons by mixing genres and exploring new ways to tell stories.

Fascinated by the human condition, The 7 Fingers create performances that celebrate our world, our time and our humanity. Their shows tour the globe and bring audiences to their feet wherever they go.

In 2016, The 7 Fingers created their own foundation to support their creative activities and the community through open training sessions, professional workshops, and creative residencies.

In 2018, The 7 Fingers opened their very own Centre of Creation and Production. Situated in the heart of Montreal's downtown theater district, the new centre houses all of the company's activities, departments and dreams under one roof.

In 2021, The 7 Fingers reopened the famous Club Fugazi in San Francisco through its subsidiary Full Circle LLC, where they notably present their permanent show "Dear San Francisco."

In 2022, the sister company of The 7 Fingers, Supply + Demand, established itself in the Montreal Creation Center. At the intersection of art, science, and technology, this multimedia creation studio offers creation, production, and consulting services for the design of shows and multimedia experiences.

OUTREACH & EDUCATION

Support from the Gala makes Staller Center's Outreach & Education initiatives possible.

All Staller Center Arts and Education Outreach programs are free of charge and fully supported by generous donations to the Barbara N. Wien Fund and the Educational Outreach Endowment from individuals who value advancing the arts in young people's lives.

IMPACT YOU HAVE HELPED MAKE

Nearly 50,000 students have benefited from the various programming efforts over 15 years.

The Staller Center Ensemble is a group of Stony Brook University Music Students who are part of the student staff team of the Staller Center. They provide community music programs and workshops and partner with Stony Brook Children's Hospital and Stony Brook Cancer Center.

The Staller Center works with 15 school districts, 73 local libraries, and 58 non-profit organizations on Long Island.

Since its inception, the Staller Center's Educational Outreach program has provided over 30,000 live performance tickets to SBU students, local schools, and community groups.

STALLER CENTER

Join the **ENCORE SOCIETY**...

LEAVE A LEGACY

If you would like future generations to fall in love with our programming, have you considered joining the Staller Center's **ENCORE SOCIETY by leaving a legacy gift?**

Join the Encore Society: If you wish to make a lasting impact, the Staller Center's Encore Society (part of Stony Brook University's John S. Toll Society) offers an opportunity to contribute to the future of the arts. Membership in the Encore Society includes invitations to special events, including an annual legacy luncheon, exclusive communications from campus, a thank-you gift, and the pride in knowing your legacy lives on.

Directing a fixed amount or percentage of your estate to the Staller Center for the Arts Endowment means that your giving will continue forever.

The endowment pays out a fixed percentage of its value each year to support our live programming and invests the rest so it can grow over time.

Please contact daria.carioscia@stonybrook.edu

All we do is all for you.

**We pioneered a faster way to recover from joint surgery,
so Greg barely missed a step.**

Every late night. Every research study. Every advanced treatment.
Every question. Every answer. Every breakthrough.
At Stony Brook Medicine, all we do is all for you.

Stony Brook Medicine

(631) 444-4233 • stonybrook.info/ortho

The best kind of medicine starts **here** with **you**.

We are here to train the next generation of committed, curious, and skilled physicians, advance our understanding of the origins of human health and disease, and deliver world-class, compassionate healthcare. With 25 basic science and clinical departments, over 1,100 diverse and dedicated faculty members, and state-of-the-art facilities, you'll learn why we are consistently New York's top-ranked public medical school,* excelling in biomedical research, global health, and professional identity formation.

The role of physicians has never been more important, and the demand for them has never been greater. Your dream of caring for others begins with us caring for you.

BE A PART OF THE INTERPROFESSIONAL HEALTHCARE WORKFORCE

Want a rewarding profession in the healthcare field? Start with an excellent foundation — an education at the School of Health Professions.

We are preparing the next generation of outstanding healthcare professionals, while supporting research and innovative, inclusive teaching that anticipates and responds to the needs of our diverse community and beyond.

Our accredited programs, held at the Stony Brook and Southampton campuses, provide students with an array of experiential opportunities that maximize the connection of theory to practice. We offer baccalaureate, master's and doctoral degrees, and certificate programs in the following areas:

- Applied health informatics
- Athletic training
- Clinical laboratory sciences
- EMT-basic
- Health science
- Medical dosimetry
- Occupational therapy
- Paramedic
- Phlebotomy
- Physical therapy
- Physician assistant
- Radiation therapy
- Radiologic technology
- Respiratory care
- Speech-language pathology

Learn how our innovative teaching methods and interprofessional approach to education will launch your career.

BE A PART OF THE SOLUTION

BUILD A COMMUNITY OF PROBLEM SOLVERS
WITH THE COLLABORATIVE FOR THE EARTH (C4E)

The C4E builds upon Stony Brook's academic strengths by creating a cross-campus community of passionate problem solvers focused on the major environmental challenges of the 21st century. Our mission is to break down the barriers between scholarly disciplines, between problems and their solutions, and between campus and our community.

OUR MISSION

Building an interdisciplinary community of action-oriented problem solvers to address the planet's most urgent challenges
